Where:

Ann Arbor, MI, USA

Who:

Academics

Professionals and Students

Business Leaders

Government Officials

More Information:

www.ieeegreatlakes.org

info@ieeegreatlakes.org

Schedule:

- Thursday, Sept. 16th, 6pm: Welcoming Reception
- Friday **AM**, Sept 17th: Opening keynote speaker, followed by invited speakers from major funding agencies on future funding trends, followed by lunch.
- Friday **PM**, Sept 17th: Tech-transfer/entrepreneurial focus involving disruptive technologies. Invited speakers from university tech-transfer offices, small start-ups (real-world vision), and large corporation (for commercialization partnering).

The IEEE Great Lakes Technology Symposium is organized and sponsored by Chapter IV of IEEE Southeastern Michigan Section, which represents MTT, AP and ED Societies of IEEE. Topics will span the interests of all three sponsoring societies and related fields.

This conference will give the participants the opportunity to become informed about future R&D trends, hear about successful commercialization practices, and network with government, industry and academic leaders across several engineering disciplines.
